Champion 2013

EXPERIENCE

SIEMENS
Web Developer   OCT 2018- NOW

- Conversion of UI/UX design wireframes to actual code (Angular 2+) that will produce visual elements of the application. .
- Work with the UI/UX designer and bridge the space between graphical design and technical implementation
- Taking an active role on both sides and defining how the application looks as well as how it works.

NCS GROUP
Application Consultant   APR 2017 - OCT 2018

- Analyse process specification to program codes, conforming to program guidelines
- Make changes to configurable items, which include hardware, software, documentation
- Investigate all reported problems/errors & initiate amendments & testing so that the system can operate correctly & efficiently

VICTORYAP.COM
Self-taught Developer   2017 - NOW

- Keeping myself updated with latest technology and design trend

ISLAND PEAK TECH
Backend Developer   OCT 2016 - MAR 2017

- Develop the back-end to support the iOS app.
- Collaborating with the front-end developers and other team members to establish objectives and design more functional, cohesive codes to enhance the user experience.
